Registration Process

All Exhibitors must register all attendees regardless of booth selection made. The following method should be used to complete the registration process:

1. On the mountainconnect.org home page, please select “**Register Now**” and complete the registration process
2. Submit your completed 2018 Mountain Connect Exhibitor Agreement Form online

Note that the registration process is configured to accommodate the appropriate “complimentary” registration(s) appropriate for the booth option selected. If, for example, you choose the Standard Booth option and wish to register two individuals, you will have to register the second individual as a conference attendee.
